Mná na Talún – An tEarach

1. Mná na Talún – Ceathrar banfheirmeoirí ag briseadh talamh úr in Éirinn sa lá atá inniu ann.
2. Oibríonn siad de réir na séasúr ag leanstúin rothlú na bliana, agus leanfaidh muidne iad.
3. Feirmeoir glasraí orgánacha agus clann óg aici, feirmeoir caorach lán smaointe agus fuinneamh, feirmeoir eallaigh an oileáin ag cothú an nádúir agus na bithéagsúlachta agus úinéir gabháltas beag ag féin-mhaireachtáil le na barraí agus lena hainmhithe féin.
4. Iad uilig ar a dturas féin feirmeoireachta ó earrach go hearrach.
5. Bunaíodh feirm orgánach Beechlawn fiche bliain ó shin nuair d’fhág Úna Ní Bhroin brúshaoil na cathrach le saol úr a thoiséach lena fear céile Pádraig i gContae na Gaillimhe.
6. Tá fiche a cúig daoine ag obair linn anseo.
7. Táimid ag déanamh bainistíochta ar thart ar caoga acra glasraí, agus táimid ag fás thart ar triocho barraí difriúla.
8. Tá go leor beocht ar fheirm orgánach agus sin an jab is mó atá againn.
9. Cén rud is tábhachtaí domsa - ná go bhfuil muid ag tabhairt aire don nádúr agus muid ag fás glasraí.
10. Táimid ag plandáil *chard* anseo, mé féin agus Magda.
11. An t-am seo den bhliain, caithfimid a lán plandaí a chur sa talamh, chomh luath agus is féidir linn, agus cuirfimid rudaí gach coicís nó mar sin, ionas go mbeidh barraí againn don bhliain ar fad.
12. Is breá liom go bhfuil sé ag éirí teo arís.
13. Is breá liom é sin go bhfuil obair fhisiciúil le déanamh.
14. Rugadh agus tógadh mé i mBaile Átha Cliath.
15. Agus rinne mé céim sa NuaGhaeilge agus sa Bhéarla sa Mhagh Nuad, agus tar éis sin, ní raibh a fhios agam céard a bhí mé ag iarraidh déanamh le mo shaol.

Women of the Land - Spring

Women of the Land – Four female farmers breaking new ground in present day Ireland.

They work according to the seasons following the cycle of the year, and we will follow them.

An organic vegetable farmer with a young family, a sheep farmer full of ideas and energy, an island cattle farmer protecting nature and biodiversity, and the owner of a smallholding living off her own crops and animals.

They all on their own farming journey from one spring to the next.

Beechlawn Organic Farm was founded 20 years ago when Úna Ní Bhroin left the pressure of city life to start a new life with her husband Pádraig in Co. Galway.

There are 25 people working with us here. We are managing around 50 acres of vegetables, and we are growing around 30 different crops.

There is plenty of life on an organic farm and that’s our main job.

What is most important to me – that we are taking care of nature as we grow vegetables.

We are planting chard here, Magda and I

And this time of the year, we have to put a lot of plants in the ground, as soon as we can, and we plant things every two weeks or so, so we will have crops the whole year.

I love that it’s getting warm again.

I love it that there is physical work to be done.

I was born and raised in Dublin.

And I did a degree in Modern Irish and English in Maynooth, and after that, I didn’t know what I was wanting to do with my life.
